OFFICE-PUBLIC LEDGER BUILDING, MAYSVILLE, KY. SUBSCRIPTIONS—BY MAIL

One Year. Mix Months. Three Months.

DELIVERED BY CARRIER Payable to Collector at end of Month.

AFTER March 4th there will be but one Democratic member of the United States Senate from the North.

In the Oklahoma Constitutional Convention the provision providing for woman suffrage was stricken out and the voting privilege extended to males only.

THE Rivers and Harbors Bill as it passed the House carries an appropriation of \$83,000,000. It is the largest amount ever voted by the House for the purpose.

THE death of the Hon. PRESTON H. LESLIE removes one of the sturdy men of olden times. He was twice Governor of Kentucky and later Governor of Montana Territory.

It is estimated that hereafter the Government will save the sum of \$5,000,000 annually as a systematic graft it has been paying to railroads for carrying the mails for a number of years.

THE newest bill to receive a favorable committee report in Congress is the one which makes it unlawful to either give or receive tips in any hotel or eating-house in the District of Columbia.

SENATOR BAILEY lost his head in the Legislative Committee room in Austin, Texas, and called one of the witnesses a liar. The Senator later apologized when the witness wanted to fight back. JoE is getting in bad all around.

This is unkind to young Senator Beveringe. The House Committee on Judiciary has submitted a report, in which it states emphatically that the Committee is of the opinion that Congress has no jurisdiction or authority over the subject of woman and child labor.

PREPARE for the worst. RICHMOND PEARson Hobson predicts war with Japan and says we will get licked. Since his removal to Washington City Captain Hobson has bad dreams and sees things. He's getting lobsterized like one Webster Davis.

THAT old chestnut, the Reed Smoot case, is up for annual discussion again in the Senate. February 20th is the date now set for a vote on the unseating of Senator Smoot, but as the vote of Smoot himself has been so often used and traded upon in the Senate it is doubtful if he ever will be ousted. "Smoot will not be unseated," said Senator Blackburn. "It is a question whether the Senate will vote on the matter at this session. A majority vote cannot be got again. Talk of getting the necessary two-thirds to expel is absurd. I think a majority of the Democrats will vote to unseat **SMOOT.**"

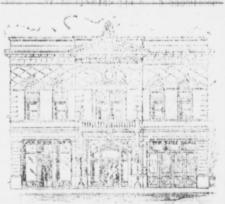

THE first gun in the campaign for new and modern school buildings for Maysville has been fired and the actual work of construction will soon begin. The Ledger hopes to see beautiful and modern structures rise to cheer the heart of every child of school age in the city. It is to be hoped that gymnastics and general physical culture will occupy prominent places in the modern curriculum, and that the new High School structure particularly will afford every facility for the development of the body as well as the brain of every child that enters its portals. Not strenuous athletics, but the physical exercise that strengthens without weakening the body, while it makes the mind work to the rhythm of the healthy body.

At once there was a wild scramble to get out. Some went out the back door, but most of them made a dive out the windows, taking sash, glass and all with them. When the officers got inside not a soul was there except the old negro "grandma," and she was laughing until the tears ran

S. STRAUS, Proprietors.

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business career in Maysville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and polite attention in the future as in the past and selling the very best goods at the most reasonable prices.

My stock is now the largest and most varied it has ever been my pleasure to offer to the public consisting of every article in the Staple and Fancy Groceryline. These goods are fresh and new and of the very best quality. My last shipment of New Crop Open Kettle Molasses is now in and they are strictly fancy, and in spite of the fact that prices on these goods have materially advanced I am still selling them at the very low price of 50c per gallon. My stock of CANNED GOODS is unusually large and the quality of the very best.

The demand for PE FECTION FLOUR is rapidly growing because it is beyond a doubt the very best Flour sold in Maysville or that can be made. It has no superior anywhere.

The run on my fine Blended Coffees has been enormous and is constantly increasing. I am still selling these fine goods at 15c, 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the finest that can be produced, don't fail to call for the famous "Barrington Hall," steel cut, sold only in one-pound airtight tins at 35c per pound. A fresh supply of fall catch Mackerel just in. If you want something extra try one of my fancy Bloater Mess, heads and tails off.

A big invoice of very fine Premium Chinaware just in, a sample of which may be seen in my warehouse window. The Pied Piper of Hamelin could less the invasion is checked.

Some of the tales are wonderful to

down the rat hole, so he got behind a barrel to investigate his plunder.

The workmen declare they cannot frighten the rodents away, for they show fight. The amazing stories of boldness on the part of the rats grow with each repetition, but there is no question that the rats do eat the la borers' dinners and that there is indignation as a result.

Horse Had Manners.

One of St. Johnsbury's best-known characters and one who has had name and fame perpetuated by having likeness of himself and team printed on a colored post card, is Orville Lawrence, formerly associated with the late Russell Sage on Wall street in the early fifties, but being less fortunat than Mr. Sage he has become reduce in circumstances, and now drive around town in a more or less dilap dated looking outfit, says a writer in the Boston Herald.

Orville's wit is keen and he always has an answer ready for any of his friends who attempted to chaff him. One day Orville appeared driving horse which interfered badly, and like its driver, had evidently seen better days.

A prominent business man of the place accosted Orville with the remark: "Say Orville, your horse seems to interfere some!" to which Orville promptly replied: "He ain't interfer ing with your business, is he?"

Rigors of Alpine Winter.

The situation in Switzerland, owing to snowstorms, is much worse than is revealed by the scant telegrams leaving the country. The state of things has rarely been so bad at this time of

The uplands already lie two yards deep under snow, and the mountain villages of Simplon and other village are absolutely cut off from the res of the country. An attempt has been made in the legislaature to induce the government to keep these passes ope all the year, but the cost was declared to be prohibitory.

From Berne in the beginning of the week several diligences were long overdue, and their arrival was await ed with anxiety. A number of peas ants who had gone with cattle from the valleys to the uplands had also been caught, and were quite unable to descend, while efforts to reach them involved much danger.

Why He Raged.

She rose from the great, soft snow

"Don't make a scene, dear," she expostulated.

But her husband continued to abuse the driver of the sleigh.

"But I am not really hurt," she whispered.

The Best **Meat-Smoking Process**

The new process of coating meat with a purified essence of smoke is far superior to the old, crude way or meat smoking. The new process deposits only what is needed to preserve and flavor, while the old way deposits soot and much else that's undesirable.

Chenoweth's Liquid Meat Smoke

Insures perfect results. The meat looks better, tastes better, is heavier, as juices are not dried out by heat, keeps better and it is better protected against insects.

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you arl know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "'Tis mighty plain that the weakes' place mus' stan' the strainin', 'n the way t' fix it, uz I maintain is only jes' to make that place uz strong uz the rest," We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. SUGGESTION

While the earth is snowclad and Jack Frost is King it is a very poor time to make repairs on the outside of buildings, but no better time could be selected for repairing the inside. Carpenters are not busy and can give your work closer attention than during the rush incident to springtime. It is also a good time to get your orders booked for planing-mill work. We have quite a lot of orders on our books, and will have many more as soon as the bright days come. GET IN BEFORE THE RUSH.

TIME IS THE TEST.

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that

every sufferer from kidney ills is looking for. George N. Crawford, blacksmith and wheelwright at Second and Lee streets, and living at 216 Lee street, Maysville, Ky., says:

"In the spring of 1900 I gave a testimonial telling what Doan's Kidney Pills had done for me, and I am pleased to say I can just as warmly recommend this remedy now as I did then. No other medicine ever gave me such prompt and positive relief from backache and kidney trouble as Doan's Kidney Pills. I believe them to be by far the best remedy for the kidneys there is. Sufferers from such troubles ought to give it a
